No 6690

Sir,

Re employment of a watchman to Hunusinakere Tank at Hassan by the Hassan Town Municipality

---

I have the honor to state that drinking water is being supplied to Hassan Town through taps from Hunusinakere Tank The Asst Sanitary Engineer, Hassan has intimated that the water level of this tank has gone very low on account of failure of rains and that washing of clothes in this tank has to be prohibited to prevent pollution of water On a reference received from the Sanitary Engineer, Bangalore in the matter the Municipal Council of Hassan have resolved at their meeting held on 27-2-46 to employ two watchmen on ₹12/- each p m for this purpose till the end of June 46 The cost required on this account is proposed to be met out of the closing balance of the Municipality As the tank is a big one two watchmen appears to be necessary to prevent people washing their clothes and the misusing of water in the tank and the channel

I therefore request that sanction of Government may kindly be obtained very early for the employment of two watchmen by the Hassan Town Municipality on ₹12/- each in addition to dearness allowance per mensem till the end of June 1946 for this purpose As the matter is urgent I have requested the Municipal President to employ the watchmen in anticipation of sanction

A copy of the resolution of the Municipal Council dated 27-2-1946 is enclosed
